RIDER 2T/2i .Bio

- Compact
- Rugged
- Low Cost
- Integrated 2" Thermal / Impact Printer
- Easy paper Loading
- Integrated Multi spectral Finger print scanner
- Integrated GSM/GPRS/CDMA Module
- Integrated Contact /Contactless Card Reader

Analogics Tech India Ltd. is specialized in Design, Development and Manufacturing wide range of Hand Held Computers for over 16 years. Analogics has developed Hand Held Computers that are used successfully in various cross-functional applications for commercial, Industrial automation, mobile and stands ahead of the completion in innovative race of integrating sophisticated technologies.

Hand Held Computer with integrated multi spectral finger print sensor and Two inch Thermal/Impact Printer from Analogics can be used in various applications like Rural banking, Micro Finance, Enrolment, access control and many more. Open source Linux OS along with SDK will help in rapid deployment of custom applications by user developed in Java or 'C'/ C++. With integrated wireless features like WLAN and GPRS / CDMA, the terminal can be deployed virtually anywhere in the field connecting to central server. Its rugged construction and long battery life enhance its reliability and usability in the field.

Features:

- High Speed ARM 9 Processor

- Linux Kernel 2.6 Operating System

- Integrated Two Inch Thermal / Impact Printer

- Easy Paper Loading Mechanism

- 3.5" QVGA Touch Panel

- Integrated Wi-Fi*

- Integrated GSM / GPRS / CDMA module

- Integrated Contact / Contactless Card Readers

- Compact – Lightweight – Rugged

- Vibration and Dust resistant

ISO 9001: 2008 COMPANY

ANALOGICS
Redefining Technologies...

Specifications:

■ **Processor and OS** : High Speed ARM9 Processor Linux OS (2.6 Kernel)

■ Memory : 256MB SDRAM
1GB Flash
Removable SD – CARD Slot

■ Interface : RS232, USB 2.0 Host
USB 2.0 Client

■ Wireless : Wi-Fi (IEEE 802.11 b/g)*
GSM/GPRS/CDMA 1x

■ Power : Rechargeable Li-Ion Battery, 2600mAh Capacity
External adaptor 12V, 1A input

■ Printer
  Printing method : Direct Thermo sensitive method or Impact
  Paper width : 58 mm
  Dot Structure : 384 dots / line or 24 Char Impact
  Dot Size : 0.125 mm x 0. 125 mm
  Printing Speed : 60 mm/s Easy paper loading mechanism / 2.5 lines / Sec (Impact)

■ Card Readers : Two Contact Type Smart Card slot
Integrated RFID (ISO 14443) SAM Slot

■ Finger Print Reader : Integrated Multi spectral Fingerprint Sensor (Lumidigm Make)

■ Display and Keypad : 45 keys qwerty keypad
3.5" QVGA TFT with Touch Panel

■ Indications : Charge LED / Low Battery (Bi-colour)
Network LED

■ Operating Conditions : Temperature (0 – 50 deg C)
5 – 95% RH (Non condensing)

■ Dimensions : 240 x 90 x 35 mm (Thermal Printer)
330 x 90 x 35 mm (Impact Printer)

■ Weight : 700 gms
